Here is the response I referred to earlier. Enrique would like to move forward with a response prior to coordinating with state agencies. I plan to talk further with Steve Armann hopefully later today. I asked him to check in with you too, so we are all on the same page.

Thank
Nicole

Jared:

Here is a draft of a response to the letter Penny Newman's organization recently sent to you and others about the imminent development of a parcel in Riverside and their concerns about lingering contamination issues. We've coordinated with Land Division on this response which provides some information on some previous engagement (2011) by EPA Land Division on the PCB clean-up plan.

Also, think about delegating it to me as the signatory.

Happy to discuss after SMT if you would like and Jeff could join us.

Enrique

Hi Enrique-

Attached is the response letter to Penny Newman regarding Riverside Ag Park. I've attached the memo sent by CCAEJ and the memo to file written by RCRA program that is referenced in the response letter.

Let me know whether you'd like me to edit further.

Thanks,

Nicole
